ABOUT US

HTM Lighting brings architecture, landscape and light together to transform wedding venues and event spaces into extraordinary settings. From romantic illuminated pathways to striking sculptural installations, our collections are designed to create atmosphere, enhance the beauty of a property and leave a lasting impression on every guest.

Whether illuminating a historic country estate, creating a breathtaking wedding entrance or introducing a distinctive centrepiece to a landscaped garden, we develop lighting installations that complement their surroundings and elevate the entire guest experience.

HTM Lighting is a specialist architectural and decorative lighting company creating distinctive exterior lighting installations across the UK.

We believe exceptional venues deserve to be experienced at their very best, long after the sun has set. Our approach combines considered lighting design, professional installation and ongoing maintenance to reveal the character of a property and create captivating environments for weddings, celebrations and special events.

Every venue has its own identity. Our role is to enhance it through light, working with architectural features, gardens, pathways, water and open spaces to create installations that feel purposeful, beautiful and memorable.

From subtle architectural illumination to expressive, illuminated sculptures, our collections offer venues the opportunity to develop a distinctive nighttime identity, enhance their photography and create experiences that guests remember.

Cascade	45

BRANCHES OF LOVE

Love takes many forms, each with its own meaning, character and beauty. Branches of Love celebrates these connections through a sculptural lighting concept inspired by the many expressions of love.

From passionate romance and enduring partnership to friendship, family and unconditional affection, the installation offers a powerful visual statement for spaces dedicated to bringing people together.

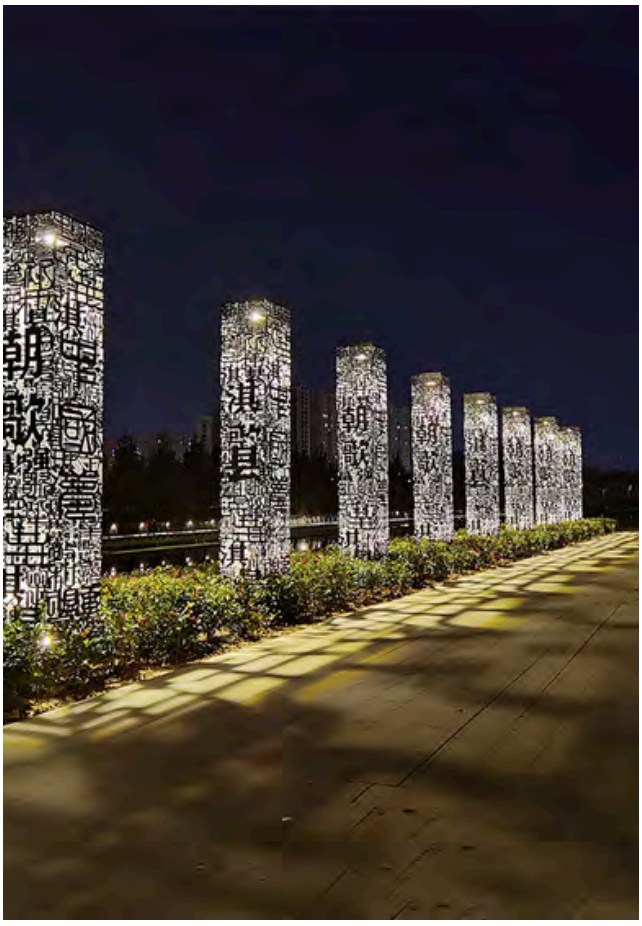

For wedding venues, it creates an evocative focal point for ceremonies, receptions and evening celebrations. Positioned within a garden or landscaped setting, it provides a distinctive backdrop for photographs and a meaningful feature for couples and their guests.

An installation that celebrates connection, belonging and the moments that matter most.

Ideal for: Wedding gardens, ceremony spaces, romantic pathways and statement photography locations.

PILLARS OF LIGHT

An LED light source illuminates the columns from within, casting a bright, white glow that reveals the detailed cutout motifs. The design allows light to spill through the openings, casting elongated, high-contrast shadows across any pathway.

Ideal for: Venue entrances, garden pathways, arrival courtyards and outdoor reception areas.

WOODLAND ORB

The artwork is deliberately designed to foster a direct conversation between the viewer and the surrounding environment. The radiant sphere serves as a beacon.

It invites spectators to step into its hollow interior, turning the human silhouette into an integral component of the installation.

Ideal for: Woodland weddings, garden venues, outdoor cocktail areas and immersive guest experiences.

THE FOUNTAIN COLLECTION

Inspired by the graceful form and flowing silhouette of a fountain, this collection transforms decorative lighting into sculptural statement pieces.

Each design brings its own visual character, creating an eye-catching feature for wedding venues, landscaped gardens and outdoor event spaces.

From elegant focal points to striking illuminated displays, the Fountain Collection offers venues a distinctive way to enhance their surroundings after dark.

Fountain 1

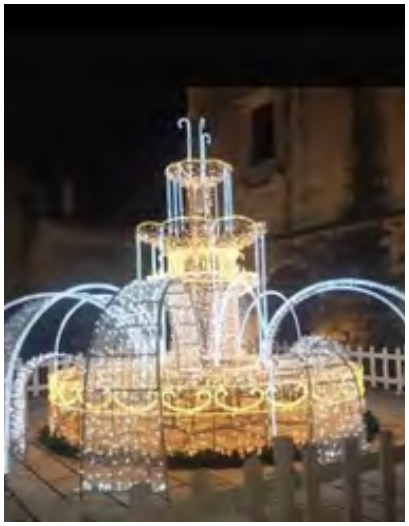

Fountain 2

Whether positioned at an entrance, within a garden or alongside an outdoor reception area, these sculptural lights help create an atmosphere that guests will remember.

Ideal for: Wedding venues, grand entrances, landscaped gardens, outdoor receptions and statement event installations.

Fountain 3

Fountain 4

Fountain 5

Fountain 6

Fountain 7

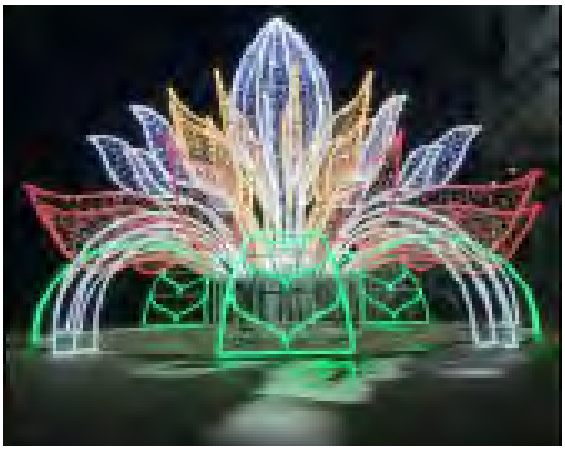

From soft, flowing curves to bold, layered silhouettes, the collection offers a variety of designs to complement different venue styles and event themes. Whether the setting calls for timeless elegance, contemporary sophistication or a warmer, more traditional atmosphere, these illuminated features can help bring the overall vision to life.

Positioned as standalone centrepieces or incorporated into a wider lighting display, each design adds character and visual interest to the surrounding space. They offer venues an opportunity to create a recognisable setting that feels special for weddings, seasonal celebrations and exclusive events.

Fountain 8

Turn open spaces into captivating visual experiences with sculptural lighting that combines striking form with the beauty of illumination.

Fountain 9

Sweeping curves, flowing lines and bold shapes create a sense of movement, transforming ordinary outdoor areas into distinctive destinations for guests to explore.

Perfect for venues looking to make a memorable first impression, these installations can frame entrances, enhance landscaped grounds or provide a dramatic focal point within an event space.

Fountain 10

Fountain 11

Fountain 12

As daylight fades, their illuminated forms bring a new dimension to the surroundings, helping create an atmosphere that feels elegant, immersive and unforgettable.

HANDS LOVEHEART

A symbol of love brought to life through light, Hands Loveheart offers a meaningful statement piece for wedding venues and celebration spaces.

Its expressive concept creates a natural focal point, inviting guests to gather around the installation, capture photographs and share a moment within the setting. The heart-inspired design lends itself to romantic occasions without feeling out of place in a wider programme of celebrations and events.

Ideal for: Wedding entrances, proposal settings, garden focal points and guest photography areas.

LOTUS BLOSSOMS

In Hinduism, Buddhism, and Indian philosophy, the lotus represents divine beauty, purity, spiritual awakening, and the expansion of the soul as it rises untarnished from the darkness. Available in several designs and sizes to suit any body of water.

Ideal for: Ponds, water gardens, landscaped courtyards and romantic outdoor settings.

HTM Lighting LTD.

KEISANG FLOWERS

Inspired by the Tibetan symbolism of happiness, love and good fortune, Keisang Flowers celebrates the beauty of nature through illuminated floral forms.

The name Kelsang is associated with happiness and good times, making this collection a fitting addition to venues where people gather to celebrate life's most meaningful occasions.

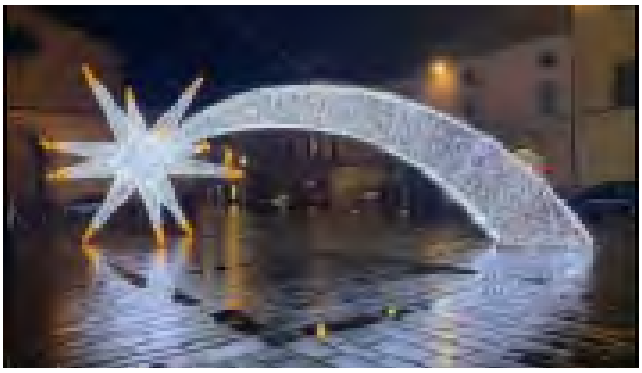

Placed among planting, along garden borders or within an open landscape, the flowers introduce a decorative element that feels playful yet elegant. Their sculptural presence creates visual interest by day and an atmospheric feature after dark.

A joyful expression of light, nature and celebration.

Ideal for: Wedding gardens, landscaped lawns, garden receptions and seasonal event displays.

STAR BURST

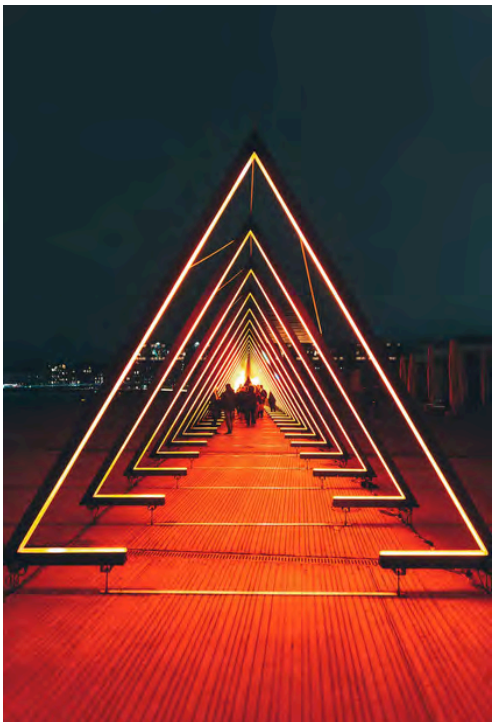

Because of the universal human tradition of "wishing upon a shooting star," this artwork symbolizes dreams, optimism, and future ambitions. Recreating it on a monumental scale captures that sense of childlike wonder and awe, reminding viewers to appreciate the present moment and the fleeting beauty of life.

Ideal for: Grand lawns, outdoor receptions, event entrances and statement photography locations.

HTM Lighting LTD.

INTERACTIVE WALKWAYS

Turn the journey through your venue into part of the experience with Interactive Walkways.

Designed around the idea of an engaging, illuminated route, this collection offers opportunities to make pathways more visually distinctive and encourage guests to explore their surroundings. Rather than simply connecting one space to another, a walkway becomes an integral part of the atmosphere.

From the arrival experience to the transition between ceremony and reception, considered pathway lighting can help define routes and introduce a sense of occasion as daylight fades.

For venues that host weddings, private celebrations and evening events, interactive lighting offers the potential to create a memorable guest journey.

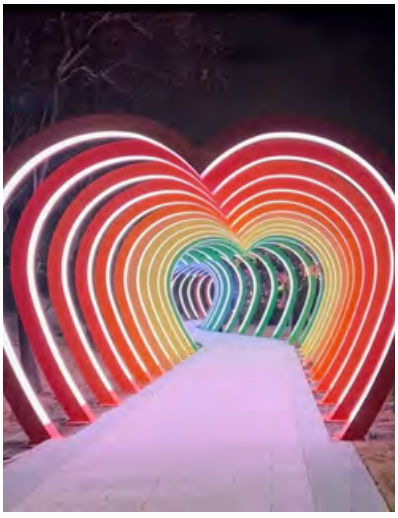

Ideal for: Garden routes, outdoor ceremony approaches, reception transitions and immersive event experiences.

Interactive functions and control options should be confirmed for the selected installation.

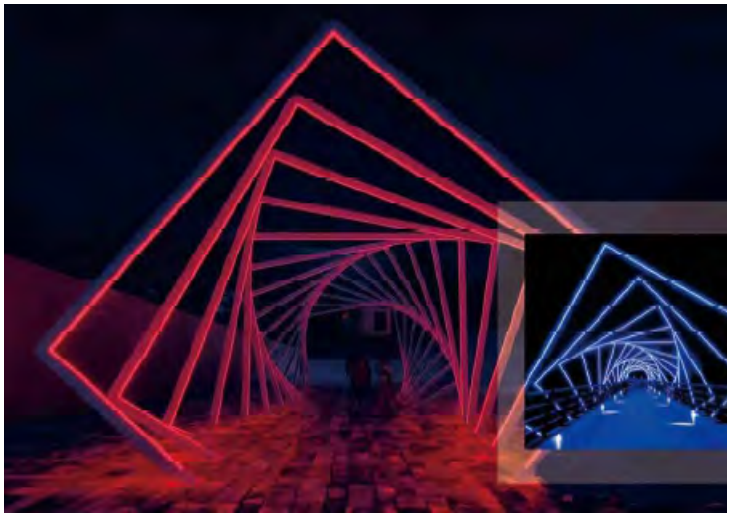

Infinity Walk

Illuminated Walk of Hearts

GEO Tunnel

DAZZLING DANDELIONS

The dandelions are designed to symbolize lightness, hope, and visual renewal, evoking a sense of
playfulness and wonder. Available in several colours and heights.

Ideal for: Garden borders, open lawns, outdoor wedding receptions and seasonal displays.

THE PUZZLE BUSH AND TREE

Introduce colour, geometry and contemporary character with The Puzzle Bush and Tree collection.

Inspired by the playful arrangement of geometric forms, these illuminated designs create a striking contrast against natural planting and traditional architecture. Their changing palette of neon-inspired tones, including warm oranges, yellows, deep reds, soft blues and pinks, brings energy and personality to the landscape.

The combination of structured shapes and vivid colour makes the collection particularly suited to venues looking to offer something unexpected beyond traditional decorative lighting.

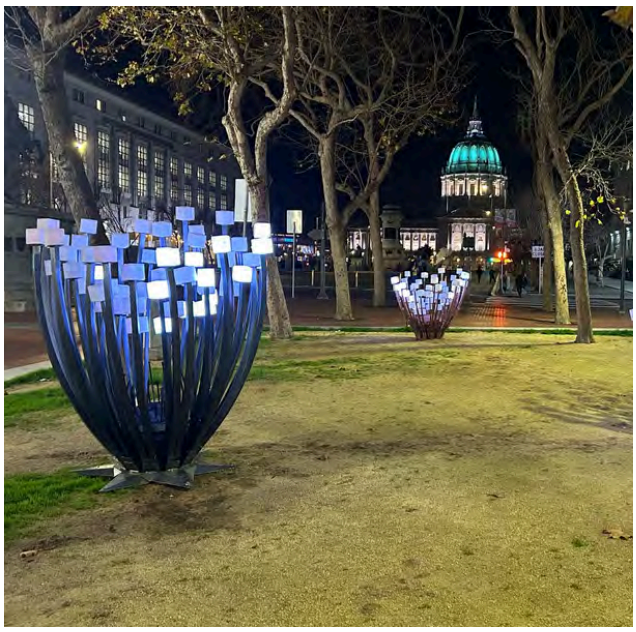

A distinctive visual feature for celebrations that call for creativity, colour and a more contemporary atmosphere.

Ideal for: Modern event venues, statement gardens, themed celebrations and vibrant outdoor receptions.

THE CLOUD RING COLLECTION

Create a sculptural focal point with The Cloud Ring Collection, a family of distinctive forms that bring contemporary design and illuminated artistry into the landscape.

The circular and curved designs offer a strong visual presence while maintaining an elegant, open composition. Their simple geometric language makes them suitable for a range of settings, from formal gardens and architectural courtyards to contemporary wedding venues.

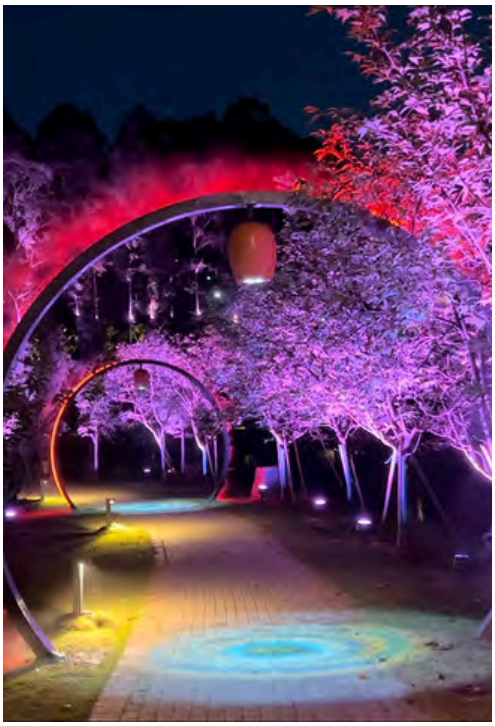

CIRCLE MIST INNER

A refined circular form that creates a focal point without overwhelming its surroundings.
Its enclosed geometry offers a sense of balance and continuity, making it a natural addition to landscaped settings and contemporary architectural spaces. Positioned within a garden or open courtyard, the design can create an inviting point of interest and a distinctive photographic composition.

Ideal for: Garden focal points, courtyards and contemporary wedding settings.

CIRCLE MIST OUTER

With its emphasis on the outer circular form, Circle Mist Outer offers a bold geometric statement within the landscape.

The design can be used to establish visual structure in an open space, complementing architectural lines and creating an engaging silhouette after dark. Its sculptural character makes it particularly effective where a venue wants to introduce a recognisable decorative feature.

Ideal for: Entrance areas, open lawns, architectural gardens and statement installations.

HEART

A familiar symbol reinterpreted as a sculptural lighting feature, Heart brings romance and personality to the collection.

Its instantly recognisable shape makes it an appealing addition to wedding venues, providing a natural point for photographs and a decorative centrepiece for romantic occasions. Within a garden or courtyard, it can introduce a sense of playfulness while reinforcing the celebratory character of the setting.

Ideal for: Wedding gardens, romantic entrances, proposals and photography locations.

PART CIRCLE

Part Circle offers a more open, contemporary interpretation of circular sculpture.

Its incomplete geometric form creates a sense of movement and visual interest, providing a distinctive contrast to traditional symmetrical designs. It can complement modern architecture, frame a landscape view or contribute to a wider sculptural arrangement.

Ideal for: Contemporary venues, landscaped courtyards and architectural feature areas.

CIZHOU

Distinctive in character, Cizhou introduces an artistic lighting feature designed to bring personality and visual interest to a venue's surroundings.

Its place within the collection offers an opportunity to incorporate a more individual decorative element into a wider lighting scheme. Positioned thoughtfully within the landscape, it can help create a focal point that draws the eye and adds depth to the nighttime setting.

For wedding and event venues, carefully selected sculptural lighting can contribute to a distinctive atmosphere and help different outdoor spaces feel connected through a consistent design approach.

Ideal for: Garden feature areas, outdoor reception spaces and curated lighting displays.

HTM Lighting LTD.

LIGHTING THE WAY

Help guests find their way while creating a beautiful first impression with Lighting the Way, a collection focused on the illumination of entrances, routes and outdoor spaces.

Well-considered pathway and lamppost lighting does more than guide movement. It helps establish the atmosphere from the moment guests arrive, highlights the character of the grounds and creates a sense of continuity between different areas of a venue.

From arrival drives and garden paths to transitions between ceremony and reception spaces, these installations can form an integral part of a venue's nighttime identity.

A considered balance of practical illumination and decorative appeal.

Natural Cozy

Soft Cloud

Lounge Chair

Dining Chair

PATH LIGHTS

Carefully positioned along garden paths and pedestrian routes, they can help guests navigate the grounds while highlighting planting, borders and changes in the surrounding landscape.

For wedding and event venues, path lighting helps connect individual spaces into a considered nighttime experience.

Ideal for: Garden pathways, outdoor ceremony routes, terraces and landscaped grounds.

Small Sofa

IMPERIAL ARCH

Make the entrance part of the occasion with Imperial Arch, a statement installation designed to give guests a memorable sense of arrival.

An arch creates a natural transition between spaces, drawing the eye towards a destination and providing a distinctive frame for the people and moments passing through it. In a wedding setting, it can define the entrance to a ceremony, mark the approach to a reception or create a striking photographic feature.

Its architectural presence offers venues an opportunity to establish a recognisable focal point that complements the surrounding grounds.

Ideal for: Wedding entrances, ceremony approaches, garden gateways and event arrival points.

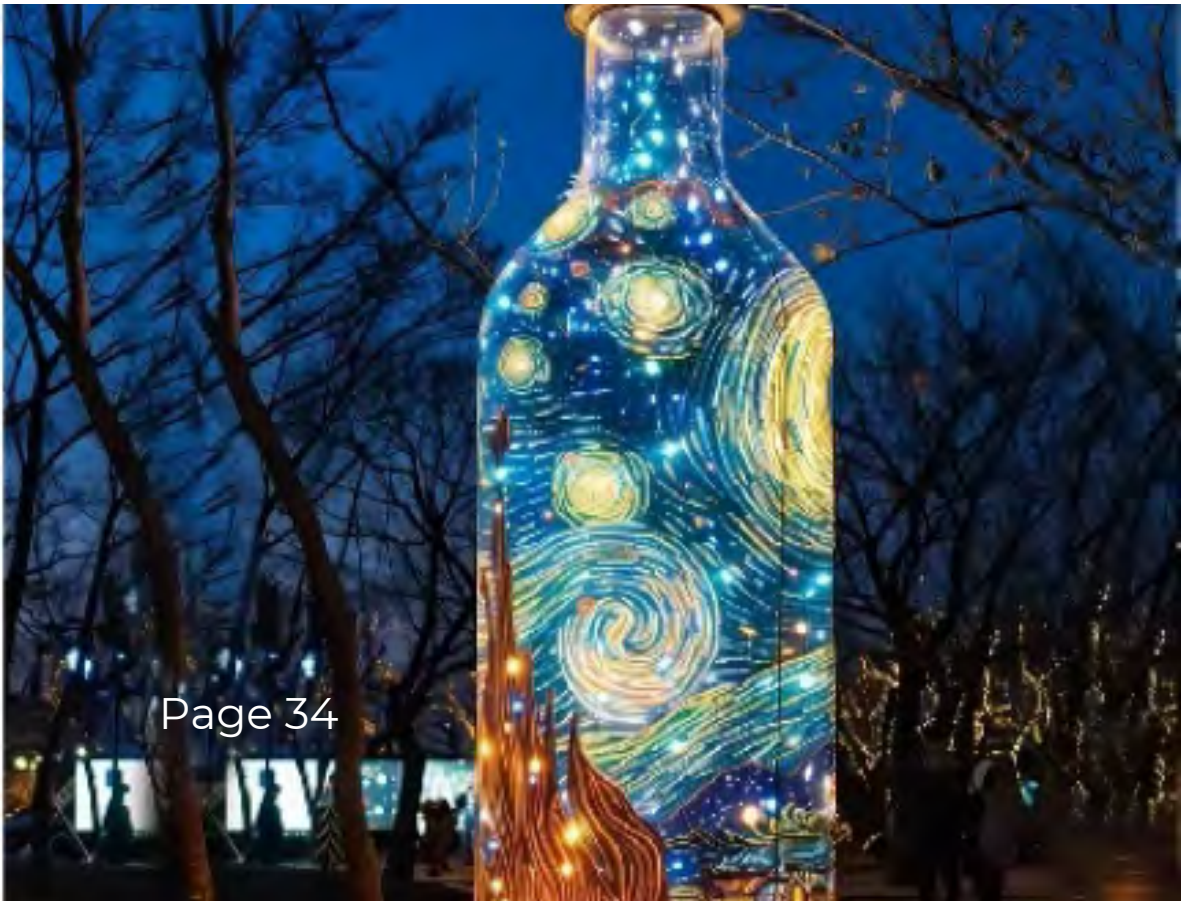

THE SCULPTURE COLLECTION

Bring artistic expression into the landscape with The Sculpture Collection, a range of illuminated forms designed to be appreciated as both objects and experiences.

These pieces offer an alternative to conventional decorative lighting, combining sculptural presence with the visual impact of illumination after dark. They can introduce intrigue to a garden, create a conversation point within an outdoor reception area or provide a distinctive feature that guests remember long after an event.

From expressive silhouettes to designs that interact with their surroundings through light and shadow, the collection allows venues to develop a more individual nighttime identity.

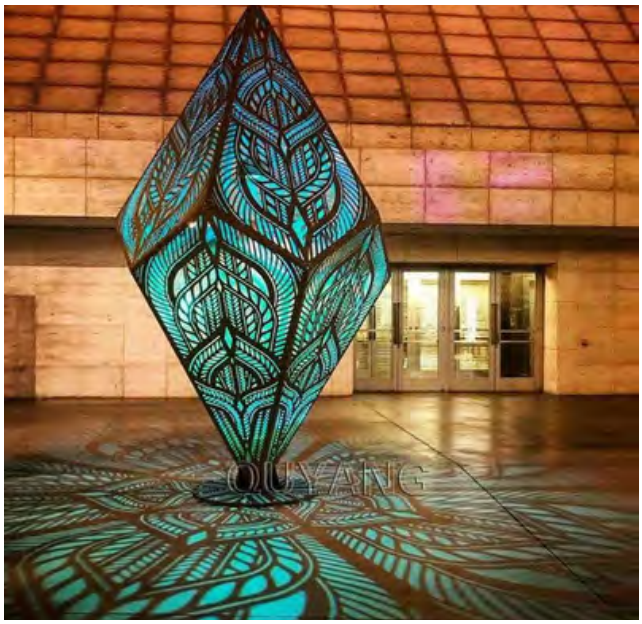

DIAMOND LIGHTS

This piece symbolises the concept of an inner light or consciousness. The intricate filigree patterns project far beyond the physical boundaries of the sculpture, illustrating how internal energy, ideas, and spirit shape and transform the external environment.

Ideal for: Courtyards, garden focal points, architectural settings and statement photography areas.

HTM Lighting LTD.

WORDS OF LIGHT

By day, the bronze structure acts as a physical monument. By night, an internal pinpoint light source expands the artwork into the surrounding space. The sprawling text shadows reflect how individually chosen words ripple out to form a very personal individual display.

Ideal for: Wedding gardens, personalised installations, intimate courtyards and memorable event settings.

ORB TOTEM

Orb Totem combines a commanding sculptural presence with the playful character of rounded, bubble-like forms.

Its vertical composition creates a strong visual marker within the landscape, while its softer shapes introduce a sense of curiosity and contemporary charm. The contrast between monumentality and playfulness makes it an engaging feature for venues looking to balance artistic design with a welcoming atmosphere.

Placed within a garden or open setting, it can stand alone as a focal point or contribute to a broader collection of sculptural lighting.

Ideal for: Landscaped gardens, contemporary venues, open lawns and artistic feature areas.

HEART OF LIGHT

A celebration of love and connection, Heart of Light creates a romantic focal point through the beauty of illuminated sculpture. Perfect for wedding venues, it offers a meaningful centrepiece and a memorable backdrop for photographs, capturing the magic of special occasions.

Ideal for: Wedding gardens, romantic entrances, proposal settings and guest photography areas.

PLUMES

Inspired by the lightness and movement of flowing feathers, Plumes offers an expressive sculptural form for outdoor spaces.

The design can complement planting and architectural surroundings while adding an individual artistic character to the landscape.

Ideal for: Garden displays, wedding reception areas, landscaped entrances and sculptural groupings.

THE REGAL STAG COLLECTION

Inspired by the grace and presence of the stag, The Regal Stag Collection brings a sense of natural majesty to the illuminated landscape.

An expressive addition for venues seeking to celebrate their rural character and create distinctive outdoor experiences.

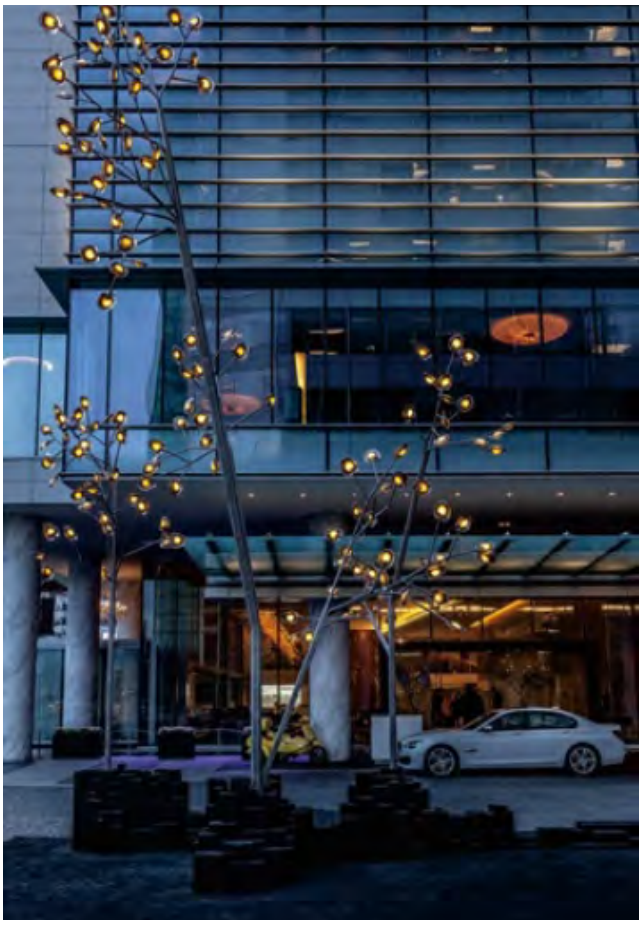

Ideal for: Country estates, woodland venues, landscaped gardens and heritage-inspired settings.

TREE OF LIGHT

Tree of Light celebrates the structure and organic growth of trees through a sculptural network of branching forms.

Positioned within a garden or open landscape, it provides a distinctive meeting point between nature and designed form.

Ideal for: Garden focal points, estate grounds, contemporary landscapes and outdoor reception spaces.

STARRY NIGHT

A Beacon of Hope: Illuminated from within, the sculpture acts like a literal "message in a bottle," a universal symbol for a plea, a story, or a legacy cast out into the world.

It suggests that even in a sea of darkness, artistic expression survives to communicate across generations.

Ideal for: Reflective garden settings, artistic installations, intimate outdoor spaces and statement displays.

HTM Lighting LTD.

TO THE MOON AND BACK

A familiar expression of enduring love becomes the inspiration for To the Moon and Back, an artistic installation designed to bring personal meaning into the landscape.

By day, the bronze structure has the presence of a sculptural monument. After dark, an internal pinpoint light source projects text-like shadows into the surrounding space, expanding the artwork beyond its physical form.

The interplay between words, light and darkness makes the installation particularly fitting for venues that host weddings and other meaningful celebrations.
A thoughtful statement about connection, affection and the memories people carry with them.

Ideal for: Wedding gardens, romantic settings, personalised displays and memorable photography locations.

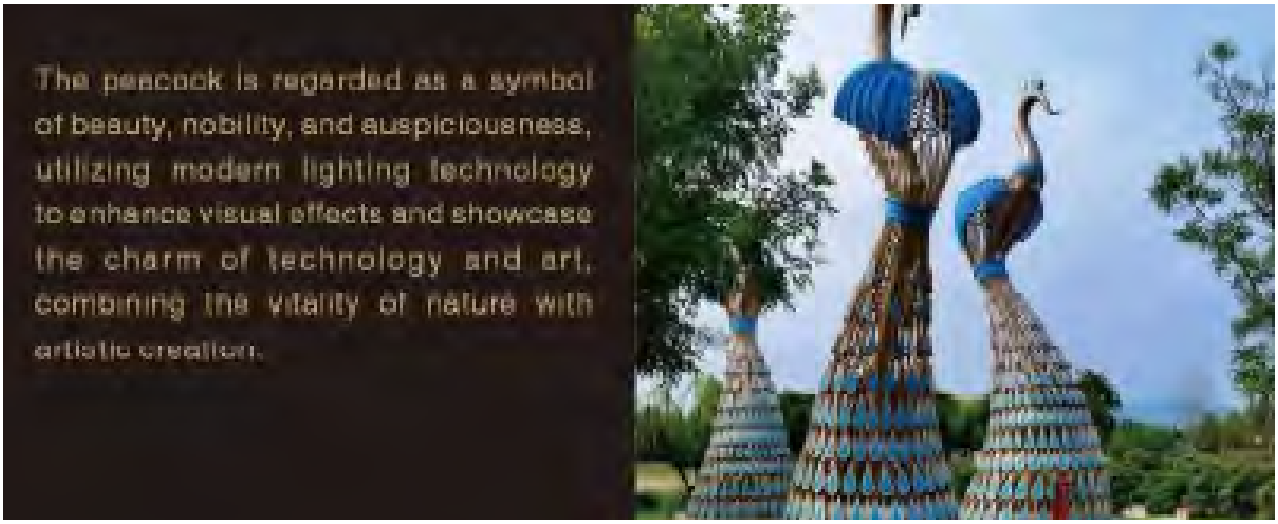

THE IMPERIAL PEACOCK

Inspired by the peacock's striking form and ornamental character, The Imperial Peacock offers a distinctive artistic feature for venues seeking a sense of grandeur and individuality.

The peacock is naturally associated with beauty, elegance and visual spectacle, making it a compelling theme for a sculptural installation. Within a landscaped garden or formal setting, the design can introduce a decorative focal point that complements the character of the property.

A statement piece for venues looking to create an atmosphere of refinement and occasion.

Ideal for: Formal gardens, luxury wedding venues, grand entrances and decorative landscape displays.

THE CARPET LIGHT COLLECTION

Yellow Tulips

Create a striking sense of arrival with illuminated pathways that guide guests and add elegance to any wedding or event setting.

Ideal for: Wedding entrances, ceremony approaches, reception pathways and statement event spaces.

Blue Ball

Dandelions

Fibre Optic Reed

Gold Ball

Grass

Lillies

Multi-Colour Ball

Multi-Colour Hearts

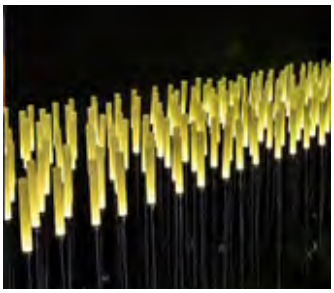

Roses

Sunflowers

Wheat Ears

White Wands

CASCADE

A waterfall of light transforms a body of water into a captivating nighttime spectacle. Cascade brings this visual idea to life, creating an illuminated feature that casts beautiful reflections across the water's surface.

The interplay between light and reflection introduces movement, depth and atmosphere to ponds, lakes and other suitable water features. From a terrace or garden viewpoint, the installation can become a striking focal point that draws the eye and encourages guests to pause and appreciate the surroundings.

For wedding and event venues, water-based lighting offers a memorable way to enhance existing landscape features and create a distinctive backdrop for evening celebrations.

Elegant, expressive and visually captivating, Cascade makes water an integral part of the lighting design.

Ideal for: Lakeside venues, ornamental ponds, estate gardens and waterside wedding settings.

Final suitability will depend on the water feature, installation conditions and the requirements of the selected lighting equipment.

HTM Lighting LTD.

CREATE SOMETHING EXTRAORDINARY

Your venue. Your vision. Our expertise.

The right lighting can transform the way a venue is experienced. It can reveal architectural details, give gardens a new identity after dark, create memorable arrival moments and turn underused outdoor spaces into compelling destinations.

At HTM Lighting, we work with venues to develop considered lighting installations that complement their architecture, landscape and individual ambitions.

Whether you are looking to introduce a single statement sculpture, enhance an existing water feature or create a coordinated lighting scheme across your grounds, we can help explore the possibilities.

Let's bring your venue to life after dark.
